In the report on the working of Special Hospitals in Mysore for the year 1886 (the oldest available in the Sect^d Records) the ^{Statistics of} lunatics of the C & M. In his notification no. 2739 of 19.7.1895, however, the Resident in Mysore notified that the State Lunatic Asylum Bangalore shall be a place for the reception and detention of lunatics of the C & M. the C.M. Station. But as the papers relating to such
arrangement are not traceable here a thorough
inquiry on these lines will be made for further information

Sir,

I have the honor to forward herewith copy of letter No. 286 dated 15-1-14, from the Senior Surgeon in charge, Lunatic Asylum, Bangalore, together with an extract from the -- remarks made by the official visitors at their inspection of the Asylum on the 10th idem and to request that, as it may take time to put in hand and complete the works recently sanctioned for the improvement of the Asylum, and in the meanwhile it is necessary to relieve the congestion in the European wards which are now cramped to the detriment of the health & comfort of the inmates, the Civil and Military Station authorities may be kindly moved to arrange for the removal of a few of their lunatics to the Asylum at Madras.

2. I may add that the existence of such an arrangement (or understanding) is necessary and will be useful in meeting similar contingencies in the future, as there is ^{no} knowing that, even after the additions to the present buildings are completed

The accommodation in the female ward is insufficient. It appears that an estimate has been sent up to build six more rooms for lunatics with a block for the Matron upstairs. The Government may be moved to sanction this estimate early and meanwhile the Civil and Military Station authorities may be requested to have a few lunatics removed to the Asylum at Madras to prevent over crowding here.
